

## About the Center

---

*The McKeesport Heritage Center was founded in 1980 by a group of citizens interested in preserving local history. It was originally located in a room at the Penn State McKeesport campus. The collections grew, and in 1991 the Center moved to its current location in McKeesport's Renziehausen Park.*

*Our mission is to preserve and further the knowledge and understanding of the history and development of the McKeesport area.*

### **Collections**

The collections include items related to local schools, businesses, and people, and many of our items are on display in the museum. We have archival and photographic materials as well as items and memorabilia ranging from the first one room school house in McKeesport, built in 1832, to a scale model of the National Tube Company. Visit us to see our permanent and rotating displays.
